Download

Version 5

Download the reports of your choice for further review, share with others and use for affirmation of the work, informed decision-making and strategic plans.

The download feature is accessible from the top left panel or on the top right side.

Copy & Paste: You may find it helpful to transfer the Analysis lists and tables into an excel document. The possibilities are endless, checking and keeping up-to-date in real time. Copy, paste, adjust and use to monitor as per your review task.

Dig into the Data: Review, Reflect, Respond

- What reports capture this data we are looking for?
- Do we need to look at additional reports for a fuller story?
- What are the outcomes? What do we hope to achieve?
- What are the indicators? What would we notice?
- What are the measures? How would we know?

Note:

- Summary Tab displays the tool start date, status, partial entries, if permission, access to the raw data in the CSV Data.

- A reminder that you and your team members are responsible for data once it has left the platform. See the Terms of Use Agreement for more information.
