Web Browsers

Version 4

---

Use Google Chrome, Mozilla Firefox and Microsoft Edge as they update their browsers to keep up with the changing landscape of the Internet. Do not use Internet Explorer(IE).

Note: Tool users should NOT use Microsoft's Internet Explorer (IE) when using the Research Platform. Other than security patches, Microsoft stopped updating IE in 2015, this means that the browser is not up to date with current web developments and certain features in the tool may not show up.
